1. Síntese

É objetivo deste documento apresentar contributos para o reporte obrigatório dos Instrumentos Financeiros (IF) implementados pelos Programas Operacionais FEDER e Fundo de Coesão (FC), como parte integrante dos respetivos Relatórios Anuais de Execução (RAE).

Para além das considerações iniciais, o foco destas orientações encontra-se nos Anexos 2 e 3 os quais correspondem aos *templates* da Comissão Europeia (CE) adaptados pela AD&C à estrutura de implementação dos Instrumentos Financeiros, via Fundo de Fundos (FdF) e sem recurso ao FdF, respetivamente. Será com base nos elementos transmitidos pelas Autoridades de Gestão nestes *templates* que se procederá ao reporte dos IF em SFC2014, enquanto parte integrante dos RAE.

2. Enquadramento

Nos termos do artigo 46.º do Regulamento (UE) n.º 1303/2013, de 17 de dezembro, do Parlamento Europeu e do Conselho, que estabelece as disposições comuns aplicáveis aos FEEI (RDC), as Autoridades de Gestão (AG) devem apresentar anualmente um relatório relativo à implementação dos instrumentos financeiros (IF), o qual constitui informação anexa aos respetivos relatórios de execução.

Os elementos que devem integrar esta prestação de informação constam do n.º 2 do citado artigo 46.º, sendo especificados no Anexo I do Regulamento de Execução (UE) n.º 821/2014, 28 de julho, da Comissão - doravante designado por *template* - constituindo-se como anexo ao presente documento.

Considerando que a transmissão de informação entre as Autoridades de Gestão e a Comissão Europeia (CE) se processa através do sistema de informação SFC2014, aplicando-se este requisito à apresentação do Relatório Anual de Execução (RAE) dos Programas Operacionais (PO), verifica-se que o *template* em questão se encontra replicado neste sistema, enquanto parte integrante do reporte anual relativo à implementação dos Programas.

A Nota de Orientações relativa ao reporte dos instrumentos financeiros no âmbito dos Programas Operacionais do Portugal 2020 que agora se apresenta, bem como os respetivos anexos, são complementares às orientações relativas à elaboração dos Relatórios Anuais de Execução dos Programas Operacionais.

Tratando-se de um documento cujo preenchimento apresenta alguma dificuldade, justifica-se individualizar em detalhe o seu preenchimento através da clarificação dos requisitos de informação de alguns campos, naquele que será um processo contínuo e naturalmente sujeito a revisão, no mínimo uma vez por ano aquando da preparação dos RAE, bem como no seguimento de alterações que a este nível venham a ser introduzidas, nomeadamente as decorrentes da análise efetuada em sede do Expert Group for the European Structural and Investment Funds (EGESIF), da Comissão Europeia.

Com efeito, este *template* tem sido objeto de análise e discussão no âmbito do EGESIF, tendo o modelo do Anexo I do Regulamento de Execução (UE) n.º 821/2014 sido adaptado, nomeadamente com a inclusão de novos campos os quais, por não resultarem de exigências regulamentares, são de preenchimento facultativo.

N.º 10/AD&C/2018 - Data: 2018/03/21

As notas de apoio ao preenchimento têm também sido ajustadas em função das questões colocadas pelos vários Estados-Membros, pelo que não se traduzem em novos requisitos de reporte regulamentar, mas sim em clarificação da informação a transmitir.

É com base nos elementos apresentados pelos vários Estados-Membros, em sede de relatório anual de execução, que a Comissão Europeia elabora uma síntese sobre a utilização e implementação dos IF a qual é objeto de publicitação, após envio ao Parlamento Europeu e ao Conselho, pelo que a garantia e fiabilidade dos dados transmitidos nesta sede assume particular relevância.

3. Estrutura do *template*

Dado que o *template* constitui a base do reporte dos instrumentos financeiros, sendo os requisitos na prestação desta informação os que constam do número 2 do artigo 46.º do RDC, pode estabelecer-se a seguinte correspondência:

Alíneas do número 2 do artigo 46.º do RDC	Grupos do template (1)
a) Identificação do programa e da prioridade ou medida a título da qual é concedido o apoio dos FEEI	I. Identification of the programme and priority or measure from which support from the ESI Funds is provided

c) Identificação dos organismos que executam os instrumentos financeiros e dos organismos que executam os fundos dos fundos, se aplicável, tal como referido no artigo 38.º, n.º 1, alínea a), e n.º 4, alíneas a), b) e c), e dos intermediários financeiros referidos no artigo 38.º, n.º 6	III. Identification of the body implementing the financial instrument as referred to in Articles 38(1) (a), 38(4)(a), (b) and (c) of Regulation (EU) N.º 1303/2013, and the financial intermediaries referred to in Article 38(5) of Regulation (EU) N.º 1303/2013

Total amount of support paid to final recipients, or to the benefit of final recipients, or committed in guarantee contracts by the financial instrument for investments in final recipients, by ESI Funds programme and priority or measure
f) O desempenho do instrumento financeiro, incluindo o progresso no seu estabelecimento e seleção de organismos que o executem, incluindo o organismo que executa um fundo dos fundos	VI. The performance of the financial instrument, including progress in its set-up and in selection of bodies implementing the financial instrument (including the body implementing a fund of funds)
g) Os juros, e outras receitas, gerados pelo apoio dos FEEI ao instrumento financeiro, e recursos de programa reembolsados aos instrumentos financeiros por conta de investimentos, como referido nos artigos 43.º e 44.º	VII. Interest and other gains generated by support from the ESI Funds to the financial instrument, programme resources paid back to financial instrument from investments as referred to in Articles 43 and 44, (...)

(1) Por uma questão de prudência e segurança, optou por se manter o *template* em inglês, garantindo-se uma maior uniformidade na terminologia específica dos IF que eventualmente poderia ser colocada em causa pela tradução do documento.

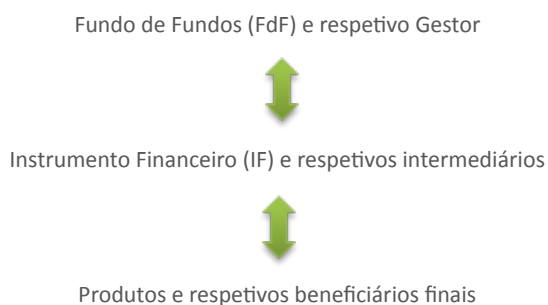

h) Progressos no sentido de alcançar o efeito de alavancagem previsto dos investimentos realizados pelo instrumento financeiro e valor dos investimentos e participações	VIII. Progress in achieving the expected leverage effect of investments made by the financial instrument and value of investments and participations
i) O valor dos investimentos em capital próprio relativamente aos exercícios anteriores	VII. (...) and the value of equity investments with respect to previous years
j) Contribuição do instrumento financeiro para o cumprimento dos indicadores da prioridade ou medida em causa	IX. Contribution of the financial instrument to the achievement of the indicators of the priority or measure concerned

Cumpra ainda referir que os requisitos de reporte dos IF são ajustados em função dos anos em que se apresentam os Relatórios Anuais de Execução, sendo os reportes apresentados nos anos de 2017, 2019, bem como o final, os mais exigentes e completos.

4. Os *templates* adaptados – base para o reporte anual relativo à implementação dos IF

A implementação dos instrumentos financeiros obedece a uma estrutura mais ou menos definida e que no limite terá três grandes grupos:

Os instrumentos financeiros em implementação em Portugal a 31 de dezembro de 2017 (com Acordo de Financiamento assinado) obedecem à estrutura Fundo de Fundos – Instrumento Financeiro específico implementado através de FdF – Produtos aplicados em destinatários finais.

Dado que o *template* anotado da Comissão tem uma lógica de preenchimento “na horizontal”, agregando os campos comuns aos vários níveis de preenchimento, nem sempre sendo perceptível o que se aplica ou não a um determinado

N.º 10/AD&C/2018 - Data: 2018/03/21

nível, considerámos útil separar a informação por grandes grupos, o que permitirá identificar os campos que relevam em particular para cada nível.

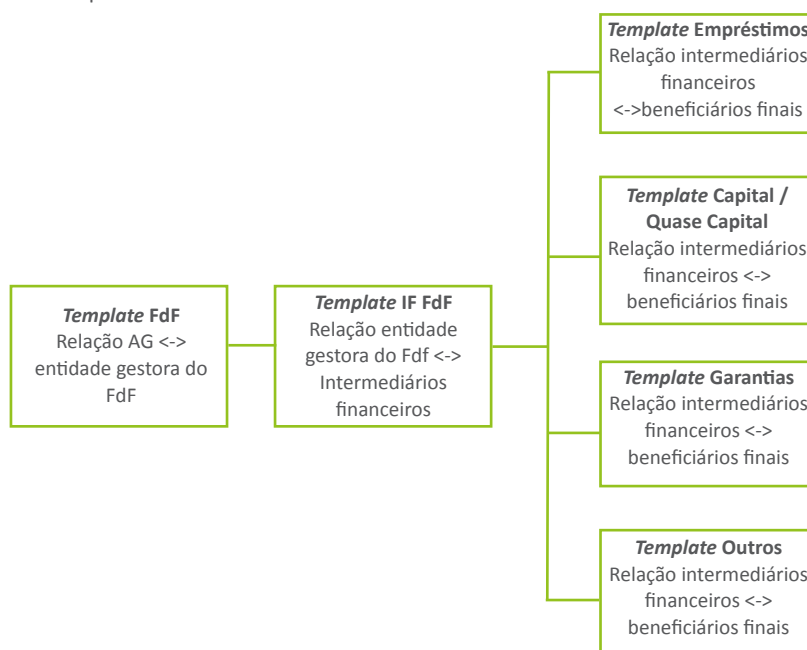

Assim, a informação enviada em anexo desagrega-se em três grupos de templates:

1. *Template* anotado da Comissão, na última versão revista pelo EGESIF, comunicado aos Estados-Membros em 29/05/2017;
2. *Template* adaptado pela AD&C para implementação de instrumentos financeiros por via de Fundo de Fundos;
3. *Template* adaptado pela AD&C para implementação de instrumentos financeiros sem Fundo de Fundos.

Tendo em conta as opções de implementação dos IF a 31/12/2017, apenas o *template* 2 deverá ser replicado e estruturado para reporte da informação que releva neste âmbito (2).

O *template* anotado da Comissão constitui o referencial base na prestação da informação neste âmbito que importa manter e atualizar em função das revisões que vierem a ser introduzidas, designadamente as decorrentes da análise em sede de EGESIF.

O *template* adaptado relativo à implementação de instrumentos financeiros por via de Fundo de Fundos estrutura a informação que releva neste âmbito, encontrando-se organizado em 6 grupos através dos quais se procuram cobrir todos os níveis de reporte:

(2) Foi opção da AD&C não apresentar, nesta fase, o *template* adaptado à opção de implementação de IF directamente pelas Autoridades de Gestão (alínea c) do número 4 do artigo 38.º do RDC), situação que naturalmente será revista em função da evolução na execução destes instrumentos

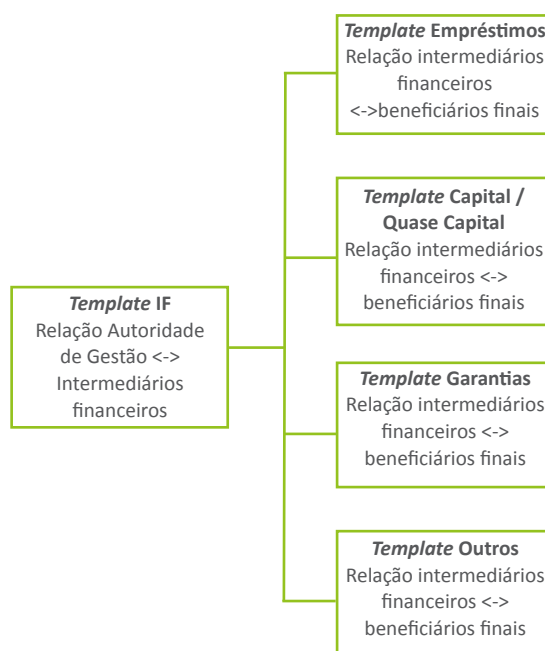

N.º 10/AD&C/2018 - Data: 2018/03/21

Ou seja:

- *Template* FdF: agrega os campos com informação a reportar anualmente ao nível do FdF. Grosso modo, corresponderá à informação de cada uma das operações registadas em SI, com exceção das operações do Instrumento Financeiro para a Reabilitação e Renovação Urbanas (IFRRU) que se encontram associadas ao mesmo Eixo, para as quais a informação deverá ser agregada.
- *Template* IF_FdF: agrega os campos com informação a reportar anualmente ao nível do instrumento financeiro implementado por via do FdF.
- *Template* Produto Empréstimo: agrega os campos com informação a reportar anualmente ao nível do Produto Empréstimo (se aplicável).
- *Template* Produto Capital: agrega os campos com informação a reportar anualmente ao nível do Produto Capital (se aplicável).
- *Template* Produto Garantia: agrega os campos com informação a reportar anualmente ao nível do Produto Garantia (se aplicável).
- *Template* Produto Outros: agrega os campos com informação a reportar anualmente ao nível do Produto Outros (se aplicável).

Tendo em conta as opções de implementação dos instrumentos financeiros nacionais até à data, pelo Produto Outros entende-se a combinação com outros apoios numa mesma operação apoiada por instrumentos financeiros. Referimo-nos em concreto a subvenções, bonificações de taxas de juros e bonificações de comissões de garantia, que só serão mobilizadas em conjunto com outros produtos disponibilizados pelo Programa, nomeadamente Empréstimos e Garantias, numa única operação, entenda-se pacote financeiro.

O *template* adaptado relativo à implementação de instrumentos financeiros sem recurso a Fundo de Fundos, instrumento financeiro específico, estrutura a informação que releva neste âmbito, encontrando-se organizado em 5 grupos através dos quais se procuram cobrir todos os níveis de reporte:

Ou seja:

- *Template IF* Específico: agrega os campos com informação a reportar anualmente ao nível do instrumento financeiro implementado sem recurso a FdF.
- *Template* Produto Empréstimo: agrega os campos com informação a reportar anualmente ao nível do Produto Empréstimo (se aplicável).
- *Template* Produto Capital: agrega os campos com informação a reportar anualmente ao nível do Produto Capital (se aplicável).
- *Template* Produto Garantia: agrega os campos com informação a reportar anualmente ao nível do Produto Garantia (se aplicável).
- *Template* Produto Outros: agrega os campos com informação a reportar anualmente ao nível do Produto Outros (se aplicável).

Tal como verificado ao nível do FdF, tendo em conta as opções de implementação dos instrumentos financeiros nacionais até à data, pelo Produto Outros entende-se a combinação com outros apoios numa mesma operação apoiada por instrumentos financeiros. Referimo-nos em concreto a subvenções, bonificações de taxas de juros e bonificações de comissões de garantia, que só serão mobilizadas em conjunto com outros produtos disponibilizados pelo PO, nomeadamente Empréstimos e Garantias, numa única operação, entenda-se pacote financeiro.

Para além das adaptações em termos de estrutura para tornar mais perceptível os requisitos em matéria de reporte, em complemento às observações da Comissão, são também apresentados nestes templates alguns comentários da AD&C, os quais assentam:

N.º 10/AD&C/2018 - Data: 2018/03/21

- por um lado, num trabalho de harmonização efetuado com as estruturas de gestão dos instrumentos financeiros das empresas e da reabilitação urbana, Instituição Financeira para o Desenvolvimento (IFD) e EG do IFRRU, respetivamente, aquando da apresentação do relatório de execução de 2016, e
- por outro lado, da interpretação dos documentos de orientação do EGESIF e da participação em ações de formação e seminários, nomeadamente no âmbito da plataforma fi-compass, da responsabilidade da Comissão Europeia em parceria com o Banco Europeu de Investimento (BEI).

Alguns destes comentários remetem, sempre que aplicável e em complemento às observações da CE, para as notas de orientação do EGESIF que se encontram na sua versão final e como tal publicitadas (por exemplo, a nota relativa ao reporte e ao cálculo da alavancagem não foi ainda disponibilizada pela CE, pelo que a mesma não é por nós referenciada).

Sem prejuízo de tratamento que venha a ser dado pela AD&C a alguma destas notas, pela sua pertinência, recomenda-se efetivamente a leitura das que são indicadas nos documentos em causa, na medida em que complementam as disposições regulamentares nem sempre fáceis de interpretar.

5. Algumas notas de preenchimento

Embora o *template* (*templates*) e as observações da CE estejam em inglês (3), consideramos que o reporte por parte das autoridades nacionais deve ser efetuado em português.

Os dados a apresentar são acumulados e reportam-se ao período que abrange o início da implementação do instrumento financeiro a 31/12 do ano em causa, neste caso, 31/12/2017.

As notas da CE foram mantidas quase integralmente, ou seja, não fazem a distinção dos vários níveis a que se reporta a informação. **Essa distinção (FdF, IF, Produto) é feita nas várias folhas dos *templates* e nas observações da AD&C,** pelo que este aspeto deverá sempre ser tido em conta aquando do preenchimento do reporte.

A informação a transmitir deve ser preenchida na coluna C de cada uma das folhas Excel, observando-se a formatação de cada campo: texto, número e data. A indicação "selection" refere-se a informação que será selecionada em SFC, pelo que deverão ser tidas em conta as opções que constam da coluna B e D para se proceder ao registo da informação aplicável ao instrumento. Sempre que num determinado campo se indique que o mesmo resulta do somatório de outros campos, esse mesmo somatório deverá ser efetuado e apresentado o que facilitará a tarefa de registo e validação dos dados em SFC2014.

(3) Tal como referido, por uma questão de prudência e segurança, optou por se manter o *template* em inglês, garantindo-se uma maior uniformidade na terminologia específica dos IF que eventualmente poderia ser colocada em causa pela tradução do documento.

N.º 10/AD&C/2018 - Data: 2018/03/21

A secção VIII dos *templates* adaptados, no que ao cálculo da alavancagem diz respeito, foi simplificada face ao *template* anotado da CE com a eliminação da fórmula de cálculo utilizada no reporte efetuado em 2017 (dados relativos a 31/12/2016).

Quanto à utilização de “0” no preenchimento do *template* (e do SFC2014), a mesma deve ter um significado. Ou seja, sempre que algo esteja efetivamente previsto para implementação dos IF mas que ainda não tenha ocorrido, deve ser assinalado com o preenchimento “0”.

6. Alterações ao SFC2014

De acordo com informação transmitida na reunião do EGESIF de 01/03/2018, o módulo do Relatório Anual de Execução do SFC2014, o qual inclui o reporte específico dos IF, encontra-se em processo de adaptação que deverá estar concluído apenas no final de abril/2018. No que diz respeito aos IF, para além da introdução de “alertas” e “validações”, destaca-se a transferência de alguns campos do nível de Fundo para o nível Produtos (“outras contribuições mobilizadas ao nível dos destinatários finais”, campos 38.3, 38.3.1 e 38.3.2, e alavancagem esperada e atingida, campos 39.1, 39.2, 39.3).

Não estando ainda disponível o *template* anotado correspondente às alterações que serão introduzidas em SFC, a base de trabalho para este exercício mantém-se inalterada, correspondendo aos ficheiros que se remetem em anexo.

7. Alguns elementos de monitorização

Ainda neste âmbito damos conta da perspetiva da CE relativamente às principais etapas de monitorização da implementação dos IF, naturalmente assentes na informação recolhida ao nível do *template* (4).

Assim, os campos que podem ser utilizados nesta monitorização são:

Nº do campo	Conteúdo	Nível de reporte
30	Date of completion of the ex ante assessment	Geral
31	Selection of bodies implementing financial instrument	Nível FdF e Instrumento Financeiro
13	Date of signature of the funding agreement with the body implementing the financial instrument	Nível FdF e Instrumento Financeiro

(4) Para além de outras fontes de informação que são periodicamente preenchidas e transmitidas aos serviços da CE.

15	Total amount of programme contributions paid to the financial instrument	Nível FdF e Instrumento Financeiro
24	Total amount of programme contributions committed in loans, guarantee, equity, quasiequity or other financial product contracts with final recipients	Nível de cada um dos Produtos disponibilizados aos beneficiários finais
25	Total amount of programme contributions paid to final recipients through loans, micro-loans, equity or other products, or, in the case of guarantee, committed for loans paid to final recipients, by product	Nível de cada um dos Produtos disponibilizados aos beneficiários finais

Tem-se assim uma perspetiva das principais fases de implementação dos IF, desde a fase inicial associada à avaliação ex-ante, até à informação ao nível das aplicações feitas nos beneficiários finais, que consistirá no objetivo último a atingir por via destes instrumentos.

The report on implementation of financial instruments shall include, for each financial instrument the following information. All data should be reported cumulative from setup of the instrument until end of reporting year.				Implementation Options				Products provided to final recipients

				Fund of Fund level	Financial Intermediary						
	opened in the name of the implementing body and on behalf of the managing authority or separate block of finance within a financial institution		[Under implementation options of Article 38(4)(a) and (b), the body implementing financial instruments can implement them either through a fund of funds or by acting directly as a financial intermediary. A fund of funds will entrust the implementation of FIs to financial intermediaries(s). The CPR does not define the modalities of entrustment by the fund of funds to financial intermediaries. Thus the MA can decide with the fund of funds on the specific form (and report it under option (c)) that this entrustment can take as long as the ownership of resources contributed by MA (i.e. ESI Funds and national co-financing) and the risk of defaults at the level of final recipients stay with the MA and the ESIF programme resources can be traceable down to the level of final recipients. The financial intermediary thus deploys the financial products (such as loans, guarantees and equity) for concrete investments in final recipients.]								
III.	Identification of the body implementing the financial instrument as referred to in Articles 38(1)(a), 38(4)(a), (b) and (c) of Regulation (EU) No 1303/2013, and the financial intermediaries referred to in Article 38(5) of Regulation (EU) No 1303/2013 (Article 46(2)(c) of Regulation (EU) No 1303/2013)			FoF	FoF/SF	SF

11.1	Type of implementing body pursuant to Article 38(4) of Regulation (EU) No 1303/2013 (a) existing or newly created legal entity dedicated to implementing financial instruments; (b) a body entrusted with the implementation task or (c) managing authority undertaking implementation task directly (for loans or guarantees only)	selection	Selection of one option allowed. This field will list the possible options provided, from which the selection should be made. (a) existing or newly created legal entity in which programme amounts are invested in (b1) European Investment Bank (b2) European Investment Fund (b3) International Financial Institutions are financial institutions established under international law, such as the EBRD or the Council of Europe Development Bank. For leverage (both expected and achieved) SFC2014 has been programmed at fund level. Changes in SFC2014 for the reporting at the product level can only be made for 2018.

Therefore for the purpose of the reporting exercise 2017 (data with the cut-off date of 31/12/2016) the formulae for the automatic calculation of achieved leverage are applied at the fund level and are calculated as follows:

In the fund of funds structure (FoF/SF)

$$\text{Achieved leverage (Total fund)} = \frac{(26_{\text{Total value of loans actually paid to final recipients in relation to the guarantee contracts signed}} + 25.1_E + 25.1_L + 38.3)}{(25.1_G + ((25_G/15_{\text{FoF}}) * 17_{\text{FoF}} * (14.1_{\text{FoF}}/14_{\text{FoF}})) + ((25_G/15_{\text{FoF/SF}}) * 17_{\text{FoF/SF}} * (14.1_{\text{FoF/SF}}/14_{\text{FoF/SF}})) + 25.1_E + ((25_E/15_{\text{FoF}}) * 17_{\text{FoF}} * (14.1_{\text{FoF}}/14_{\text{FoF}})) + ((25_E/15_{\text{FoF/SF}}) * 17_{\text{FoF/SF}} * (14.1_{\text{FoF/SF}}/14_{\text{FoF/SF}})) + 25.1_L + ((25_L/15_{\text{FoF}}) * 17_{\text{FoF}} * (14.1_{\text{FoF}}/14_{\text{FoF}})) + ((25_L/15_{\text{FoF/SF}}) * 17_{\text{FoF/SF}} * (14.1_{\text{FoF/SF}}/14_{\text{FoF/SF}}))}}$$

The report on implementation of financial instruments shall include, for each financial instrument the following information.				
N.º	Information required for each financial instrument	Required format information/data	Instructions	Observações AD&C
a	b	c	d	e
I. Identification of the programme and priority or measure from which support from the ESI Funds is provided (Article 46(2)(a) of Regulation (EU) No 1303/2013)				
1	Priority axes or measures supporting the financial instrument, including fund of funds, under the ESI Fund programme.			
1.1	Reference (number and title) of each priority axis or measure supporting the financial instrument under the ESI Fund programme	text (or selection of relevant priority axes or measures)	The number and the official title of the priority axis as specified in the OP. For example, Priority 1 'XXX'. This should take the form of 'pop-up' menu to ensure a unified text and numbering.	Deverá ser indicado o Eixo Prioritário, número e designação, no qual as operações relativas ao instrumento financeiro (IF) se encontram aprovadas. Em SFC, este campo será registado com base numa seleção feita a partir de um menu do tipo "pop-up" dos vários EP's do PO em causa.
2	Name of ESI Fund(s) supporting the financial instrument under the priority axis or measure	selection	selection of min. 1 and max. 5 options	Corresponde ao FEEI que no âmbito do EP selecionado co-financia o IF. Em SFC, este campo será registado com base numa seleção feita a partir de um menu do tipo "pop-up" dos FEEI.
3	Thematic objective(s) referred to in the first paragraph of Article 9 of Regulation (EU) No 1303/2013 supported by the financial instrument	selection	selection of min. 1 and max. 11 options	Corresponde(m) ao(s) Objetivo(s) Temático(s) (OT) que no âmbito do EP selecionado se encontra(m) associado(s) ao IF. Em SFC, este campo será registado com base numa seleção feita a partir de um menu do tipo "pop-up" dos vários OT.
3.1	Amount of ESI Funds committed in funding agreements from the individual thematic objectives chosen in field 3 (optional)	number (amount in EUR)	In order to report on financial instrument per thematic objectives, the amounts committed in funding agreements to FI shall be broken down. Breakdown of payment and other data per TO will be calculated pro rata on the basis of this information, in order to keep reporting requirements to a minimum. The sum of all TOs under 3.1 should be the same as in 14.1.	Campo opcional no qual deverá ser indicado o valor FEEI assumido nos acordos de financiamento por OT. O somatório dos vários OT deverá corresponder ao valor que for inscrito no campo 14.1 do nível mais alto da estrutura do IF, tendo por base o respetivo acordo de financiamento: ou FdF ou Instrumento Financeiro. No caso em concreto, será ao nível de FdF. De salientar que a 31/12/2017, os instrumentos em PT encontravam-se a ser implementados através de FdF.
4	other ESI Fund programmes providing contribution to the financial instrument			
4.1	CCI number of each other ESI Fund programme providing contributions to the financial instrument	selection 'YES' / 'NO'	CCI numbers of other Programme(s) contributing to the same financial instrument, including FoF, should be reported in this section. If the reply is "YES", the system should offer a 'pop-up' menu of the CCI numbers of other OPs/RDPs of the respective Member State.	Deverão ser indicados os CCI dos PO que também contribuem para o IF. Em SFC, este campo será registado com base numa seleção feita a partir de um menu do tipo "pop-up" dos vários CCI.
30	Date of completion of the <i>ex ante</i> assessment	date (format: DD/MM/YYYY)	If an <i>ex-ante</i> assessment has been completed, but the decision is taken not to implement (a) financial instrument(s) section on FI does not need to be filled out.	Em complemento à nota da CE, regra geral, os IF deverão ser reportados sempre que a respetiva avaliação <i>ex-ante</i> esteja concluída. Todavia, no reporte dos RAE de 2015/2016 foi opção incluir apenas os IF que a 31/12 desses anos estivessem contratualizados. Em julho de 2017 os serviços da CE confirmaram que o registo em SFC deve ocorrer logo que a avaliação <i>ex-ante</i> esteja concluída e que haja uma decisão das autoridades de gestão para contribuírem para os IF em causa, o que, consideramos, valida a opção adotada pelas autoridades nacionais. Relativamente às datas a inserir neste campo, foi consensualizado entre a AD&C e a IFD e a EG do IFRRU, aquando da preparação do reporte a 31/12/2016, a indicação da data do email da Agência aos vários Grupos de Acompanhamento de Avaliação, através do qual foi remetida a versão final do respetivo Relatório. Consideramos que será assim este email que marcará o final do processo de avaliação <i>ex-ante</i> para cada um dos lotes, nomeadamente: - Lote 1 (empresas): 06/05/2015; - Lote 2 (inovação e empreendedorismo social, micro empreendedorismo e criação do próprio emprego, empréstimos a estudantes do ensino superior): 06/01/2016; - Lote 3 (eficiência energética e gestão eficiente da água e dos resíduos): 06/01/2016; - Lote 4 (regeneração e revitalização física, económica e social em zonas urbanas): 18/09/2015. Sempre que na implementação do IF estejam previstas tipologias objeto de avaliação <i>ex-ante</i> distintas (por exemplo, o IFRRU que deverá ter em conta os lotes 4 e 3, este último relativo à eficiência energética) e uma vez que o SFC2014 apenas aceita uma data, deverá ser considerada a data relativa à componente com maior expressão no registo em causa.
31	Selection of bodies implementing financial instrument			
31.1	Has selection or designation process already been launched	selection 'YES' / 'NO'	Indicate if the process of selecting, designating or directly awarding a body implementing a financial instrument has already started. (Only on level of beneficiary - definition of the beneficiary according to Article 2 CPR.)	Neste nível, a confirmação ou não, do processo de seleção, designação ou atribuição direta da gestão do IF, diz respeito à entidade gestora do FdF (enquanto beneficiário do PO).
II. Description of the financial instrument and implementation arrangements (Article 46(2)(b) of Regulation (EU) No 1303/2013)				
5	Name of the financial instrument	text	Official name of the financial instrument according to Article 4(4) of the CIR 821/2014.	Deve ser indicado o nome do FdF. A título de exemplo, no reporte do ano de 2016 foram indicados os seguintes nomes para os três FdF em implementação a 31/12/2016: - Fundo de Fundos de Capital / Quase Capital_3.1.; - Fundo de Fundos de Capital / Quase Capital_3.3. (mesmo FdF do anterior, mas especificando a PI mobilizada); - Fundo de Fundos de Dívida / Garantia_3.3.; - Instrumento Financeiro para Reabilitação e Revitalização Urbanas (IFRRU 2020). Embora o template e as notas da CE se encontrem em inglês, sugere-se que o preenchimento dos dados pelas autoridades nacionais seja feito em português.
6	Official address/place of business of the financial instrument (name of the country and town)	text	The place of business of the financial instrument may differ from the official address of the financial intermediary under 11.1.2. For example EIB or EIF are located in Luxembourg but place of business of the FoF is located in the Member State.	Na sequência da harmonização entre a AD&C e a IFD e EG do IFRRU, aquando do reporte de 2016, neste campo deverá ser indicada a área de abrangência do instrumento, ao nível de NUTS II (corresponderá à área de abrangência do PO), na medida em que será necessariamente diferente da morada da entidade beneficiária do Fundo.
7	Implementation arrangements			
7.1	Financial instruments set up at Union level, managed directly or indirectly by the Commission referred to in Article 38(1)(a) of Regulation (EU) No 1303/2013, supported from ESI Fund programme contributions	selection 'YES' / 'NO'	'YES' is to be chosen if the financial instrument is implemented through an EU level instrument, e.g. the SME Initiative	Neste campo deverá ser indicado se o FdF em causa diz respeito a um instrumento financeiro criado a nível da União, gerido direta ou indiretamente pela Comissão, como por exemplo a iniciativa PME. Até à data não se verifica a implementação de IF deste tipo em PT.
7.1.1	Name of the Union-level financial instrument	selection	If 'YES' was selected, under 7.1 the options 'SME Initiative' and 'other'. If option 'other' is selected the text field becomes available to provide the name of the financial instrument set up at the Union level to which the programme contributes.	A preencher apenas se no campo 7.1 se inserir a opção "Sim".
7.2	Financial instrument set up at national, regional, transnational or cross-border level, managed by or under the responsibility of the managing authority referred to in Article 38(1)(b), supported from ESI Fund programme contributions under point (a), (b) and (c) of Article 38(4) of Regulation (EU) No 1303/2013	selection	Selection of one option: (a) investment in the capital of existing or newly created legal entities, (b) entrustment of implementation or (c) undertaking implementation directly	Deve ser selecionada a opção que enquadra a modalidade de implementação do FdF. A 31/12/2017, a opção aplicável aos FdF nacionais é a atribuição das ações de execução a entidades de direito público (IFD e IFRRU). Sobre este assunto, o documento de Orientações SWD(2017), 343 final, de 11/10/2017, clarifica as disposições relativas às opções de implementação dos IF, previstas na alínea b) do n.º 1 do artigo 38.º do RDC.
8	Type of the financial instrument	selection: Fundo de Fundos		Em SFC este é o primeiro campo a preencher, através do qual se indica o nível a que se reporta a informação. As opções são: - Fundo de Fundos; - Fundo Específico de Fundo de Fundos; - Fundo Específico; - Implementação Direta. Neste caso, estaremos ao nível do Fundo de Fundos.
	Legal status of the financial instrument, pursuant to Article 38(6) of Regulation (EU) No 1303/2013 for financial instruments referred to in Article 38(1)(b) only		This field becomes available if b) is selected in field 7.2 [NB! the reference should read Article 38(4)(b) (instead of 38(1)(b)); this is due to a clerical mistake in the Commission Implementing Regulation (EU) No 821/2014] Selection of one option: (a) fiduciary account; (b) separate block of finance; (c) other entrustment modality by the FoF to financial intermediary(-ies) (in line with the Guidance on implementation options). [NB! Option (c) will be available in SFC2014 in the reporting year 2018. A text box will become available under option (c) where MA will explain the 'other entrustment modality by the FoF to financial intermediary(-ies)']	Campo a preencher caso seja selecionada a opção b) Atribuição das ações de execução, no campo 7.2., o que será o caso dos IF implementados pelas AG nacionais a 31/12/2017. As opções a selecionar deverão estar alinhadas com o previsto no documento de estratégia das AG e no Acordo de Financiamento celebrado com as entidades gestoras dos FdF. A nível nacional as opções assumidas neste âmbito até

A fund of funds will entrust the implementation of FIs to financial intermediaries(s). The CPR does not define the modalities of entrustment by the fund of funds to financial intermediaries. Thus the MA can decide with the fund of funds on the specific form (and report it under option (c)) that this entrustment can take as long as the ownership of resources contributed by MA (i.e. ESIF Funds and national co-financing) and the risk of defaults at the level of final recipients stay with the MA and the ESIF programme resources can be traceable down to the level of final recipients. N.º	Information required for each financial instrument	Required format information/data	Instructions	Observações AD&C

II. Description of the financial instrument and implementation arrangements (Article 46(2)(b) of Regulation (EU) No 1303/2013)				
5	Name of the financial instrument	text	Official name of the financial instrument according to Article 4(4) of the CIR 821/2014.	Deve ser indicado o nome do instrumento financeiro específico, implementado por via do FdF. A título de exemplo, no reporte do ano de 2016 foram indicados os seguintes nomes para os instrumentos específicos em implementação a 31/12/2016: - Line of Financing to Special Purpose Vehicles owned by Business Angels_Fundo de Fundos de Capital / Quase Capital_3.1.; - Credit Line with Mutual Guarantee - IFD 2016-2020 - Programa Capitalizar, Portugal 2020_Fundo de Fundos de Dívida / Garantia_3.3.. 6	Official address/place of business of the financial instrument (name of the country and town)	text	The place of business of the financial instrument may differ from the official address of the financial intermediary under 11.1.2. For example EIB or EIF are located in Luxembourg but place of business of the FoF is located in the Member State.	Na sequência da harmonização entre a AD&C e a IFD e EG do IFRRU, quando do reporte de 2016, neste campo deverá ser indicada a área de abrangência do instrumento, ao nível de NUTS II no caso dos PO's do Continente e NUTS I no caso das RAA e RAM (corresponderá à área de abrangência do PO), na medida em que será necessariamente diferente da morada da entidade beneficiária do Fundo.
8	Type of the financial instrument	Fund of Funds specific Fund		Em SFC este é o primeiro campo a preencher, através do qual se indica o nível a que se reporta a informação. As opções são: - Fundo de Fundos; - Fundo Específico de Fundo de Fundos; - Fundo Específico; - Implementação Direta. Neste caso, estaremos ao nível do Instrumento Específico implementado por via de FdF.
8.1	Tailor-made or financial instruments complying with standard terms and conditions i.e. "off-the-shelf instruments"	selection	Selection of only 1 option allowed. The information offered by the system should be either "tailor-made instrument" or "off-the-shelf- instrument". If "off-the-shelf" is chosen the following list should appear: (1) Risk sharing loan (2) Capped guarantee (3) Renovation loan (4) Co-investment facility (5) Urban development fund	Campo de seleção em SFC que no caso de PT a 31/12/2017 deverá ser "tailor-made". Até ao momento não existem IF "off-the-shelf" em implementação em PT.
8.2	Financial instruments organised through fund of funds or without a fund of funds	selection	Selection of one option: (a) implementation through fund of funds or (b) without fund of funds	Neste exemplo estamos ao nível da implementação de um IF através de FdF.
9	Type of products provided by financial instrument: loans, micro-loans, guarantees, equity, or quasi-equity investments, other financial product or other support combined within the financial instrument pursuant to Article 37(7) of Regulation (EU) No 1303/2013	selection	Selection of at least one from the following list: - loans (with the exception of micro-loans) - micro-loans (< EUR 25,000 and provided to micro-enterprises) according to SEC/2011/1134 final - guarantees - equity - quasi-equity - other financial products - other support combined with a financial instrument	Campo para seleção dos produtos a disponibilizar por via do IF aos beneficiários finais. De salientar que a opção "other support combined with a financial instrument" não deverá ser selecionada de forma isolada, na medida em que a mesma é complementar aos demais produtos disponibilizados, nomeadamente "Empréstimos" e "Garantias". Para uma melhor compreensão dos requisitos aplicáveis à combinação de apoios por via de IF e de outras formas de apoio, recomenda-se a leitura da Nota EGESIF 15_0012-02, de 10/08/2015. Ver igualmente a observação da AD&C no campo 9.2.
9.1	Description of the other financial product	text	Field 9.1 becomes active only if option 'other financial product' is selected in field 9)	Campo disponível se selecionada a opção "other financial products" no campo 9, o que a 31/12/2017 não se aplicava a PT.
9.2	Other support combined within the financial instrument: grant, interest rate subsidy, guarantee fee subsidy pursuant to Article 37(7) of Regulation (EU) No 1303/2013	text	This field is only to be used if financial instruments are combined with other forms of support in a single operation. (the field becomes active only if option 'other support combined within a financial instrument' is selected in line 9) By "grant" we refer to technical support as it is the only grant, which can be part of the financial instrument operation and can be reported here.	Campo a preencher se a opção "other support combined with a financial instrument" for selecionada no campo 9. As opções são: subvenção, bonificação das taxas de juro e bonificação da comissão de garantia. Por subvenção entende-se o designado apoio técnico que é feito ao nível do intermediário financeiro a favor do beneficiário final, sem que haja qualquer repasse para o mesmo. As bonificações das taxas de juro e das comissões de garantia terão de fazer parte do mesmo pacote financeiro dos investimentos feitos ao nível dos beneficiários finais em empréstimos e garantias. Quer isto dizer que a contribuição dos Fundos alocada a um determinado IF servirá, não só para investir ao nível dos beneficiários finais através de empréstimos e garantias, mas também para suportar uma componente que acabará por ser "não reembolsável", através da prestação do citado apoio técnico a favor dos beneficiários finais e da bonificação das taxas de juro e das comissões de garantia, desde que integrados numa única operação. Uma vez mais se sugere a leitura da Nota EGESIF 15_0012-02, de 10/08/2015, na medida em que esta combinação para ser possível, deverá obedecer a determinadas condições e critérios, desde logo estar prevista na avaliação ex-ante.

39	Expected and achieved leverage effect, by reference to the funding agreement			
39.1	Expected leverage effect for loan/guarantee/equity or quasi-equity investment, by reference to the funding agreement, by product	number	The amounts used for calculating the expected leverage should be based on the amounts in the funding agreements. The following formulae are used to calculate achieved leverage for different products and taking into account respective implementation options. NB! The formulae for automatic calculation of achieved leverage by product (see below) will be applied in SFC2014 as of 2018 reporting exercise (data with the cut-off date of 31/12/2017) onwards. [* For the purpose of the reporting exercise 2017 (data with the cut-off date of 31/12/2016) the formulae for the automatic calculation of achieved leverage are applied at the fund level (see formulae at the end of the table)]. In the structure with fund of funds (FoF/SF), if guarantee in 22.1, then $\text{Achieved leverage}_{\text{guarantee}} = \frac{26_{\text{Total value of loans actually paid to final recipients in relation to the guarantee contracts signed}}}{(25_{1.4} + ((25_{15} / 15_{\text{ref}}) * 17_{\text{ref}} * (14_{1.4} / 14_{\text{ref}})) + ((25_{15} / 15_{\text{ref}}) * 17_{\text{ref}} * (14_{1.4} / 14_{\text{ref}}))}}$ In the structure with fund of funds (FoF/SF), if loan in 22.1, then $\text{Achieved leverage}_{\text{loan}} = \frac{(25_{1.4} + 38_{3.3})}{(25_{1.4} + ((25_{15} / 15_{\text{ref}}) * 17_{\text{ref}} * (14_{1.4} / 14_{\text{ref}})) + ((25_{15} / 15_{\text{ref}}) * 17_{\text{ref}} * (14_{1.4} / 14_{\text{ref}}))}}$ In the structure with fund of funds (FoF/SF), if equity in 22.1, then $\text{Achieved leverage}_{\text{equity}} = \frac{(25_{1.4} + 38_{3.3})}{(25_{1.4} + ((25_{15} / 15_{\text{ref}}) * 17_{\text{ref}} * (14_{1.4} / 14_{\text{ref}})) + ((25_{15} / 15_{\text{ref}}) * 17_{\text{ref}} * (14_{1.4} / 14_{\text{ref}}))}}$	Campo de cálculo automático do sistema, com base nas opções e valores registados nos vários campos relativos a cada um dos Produtos associados ao instrumento financeiro. Esta opção estará disponível no reporte a apresentar em 2018 (relatório de 2017). Fórmula utilizada pelo sistema caso a opção em 22.1 seja "Garantias", no modelo instrumento financeiro específico implementado por via de um Fundo de Fundos. Por uma questão de prudência, sugere-se que a fórmula apresentada seja testada, para confirmação do valor que será assumido em SFC. Fórmula utilizada pelo sistema caso a opção em 22.1 seja "Empréstimo", no modelo instrumento financeiro específico implementado por via de um Fundo de Fundos. Por uma questão de prudência, sugere-se que a fórmula apresentada seja testada, para confirmação do valor que será assumido em SFC. Fórmula utilizada pelo sistema caso a opção em 22.1 seja "Capital", no modelo instrumento financeiro específico implementado por via de um Fundo de Fundos. 39.3	Investment mobilised through investments made by ESIF financial instruments for loan/guarantee/equity and quasi-equity investment, by product (optional)	number (amount in EUR)	The Financial Regulation provides a definition of leverage of the financial instrument which does not capture the total amount of investment mobilised through ESIF financial instruments but rather the financing provided. In order to report on the wider impact of financial instrument it would be useful to have additional information to capture the overall impact of the investment. The total size of the project supported by the ESIF financial instrument should be reported in this field. The total amount of the project, in addition to the financing provided by the financial instrument, may include own contributions of the project promoter or other means of financing raised outside the financial instrument. INSTRUMENTO FINANCEIRO ESPECÍFICO IMPLEMENTADO SEM RECURSO A FdF - Annotated template for reporting on financial instruments according to Article 46 CPR (Dados acumulados)

The report on implementation of financial instruments shall include, for each financial instrument the following information.				
No.	Information required for each financial instrument	Required format information/data	Instructions	Observações AD&C
a	b	c	d	e
I. Identification of the programme and priority or measure from which support from the ESI Funds is provided (Article 46(2)(a) of Regulation (EU) No 1303/2013)				
1	Priority axes or measures supporting the financial instrument, including fund of funds, under the ESI Fund programme.			
1.1	Reference (number and title) of each priority axis or measure supporting the financial instrument under the ESI Fund programme	text (or selection of relevant priority axes or measures)	The number and the official title of the priority axis as specified in the OP. For example, Priority 1 'XXX'. This should take the form of 'pop-up' menu to ensure a unified text and numbering.	Deverá apenas ser indicado o Eixo Prioritário, número e designação, no qual as operações relativas ao instrumento financeiro (IF) se encontram aprovadas. Em SFC, este campo será registado com base numa seleção feita a partir de um menu do tipo "pop-up" dos vários EP's do PO em causa.
2	Name of ESI Fund(s) supporting the financial instrument under the priority axis or measure	selection	selection of min. 1 and max. 5 options	Corresponde ao FEEI que no âmbito do EP selecionado co-financia o IF. Em SFC, este campo será registado com base numa seleção feita a partir de um menu do tipo "pop-up" dos FEEI.
3	Thematic objective(s) referred to in the first paragraph of Article 9 of Regulation (EU) No 1303/2013 supported by the financial instrument	selection	selection of min. 1 and max. 11 options	Corresponde(m) ao(s) Objetivo(s) Temático(s) (OT) que no âmbito do EP selecionado se encontra(m) associado(s) ao IF. Em SFC, este campo será registado com base numa seleção feita a partir de um menu do tipo "pop-up" dos vários OT.
3.1	Amount of ESI Funds committed in funding agreements from the individual thematic objectives chosen in field 3 (optional)	number (amount in EUR)	In order to report on financial instrument per thematic objectives, the amounts committed in funding agreements to FI shall be broken down. Breakdown of payment and other data per TO will be calculated pro rata on the basis of this information, in order to keep reporting requirements to a minimum. The sum of all TOs under 3.1 should be the same as in 14.1.	Neste campo deverá ser indicado o valor FEEI assumido nos acordos de financiamento por OT. O somatório dos vários OT deverá corresponder ao valor que for inscrito no campo 14.1.
4	other ESI Fund programmes providing contribution to the financial instrument			
4.1	CCI number of each other ESI Fund programme providing contributions to the financial instrument	selection 'YES' / 'NO'	CCI numbers of other Programme(s) contributing to the same financial instrument, including FoF, should be reported in this section. If the reply is "YES", the system should offer a 'pop-up' menu of the CCI numbers of other OPs/RDPs of the respective Member State.	Deverão ser indicados os CCI dos PO que também contribuem para o IF. Em SFC, este campo será registado com base numa seleção feita a partir de um menu do tipo "pop-up" dos vários CCI.
30	Date of completion of the ex ante assessment	date (format: DD/MM/YYYY)	If an ex-ante assessment has been completed, but the decision is taken not to implement (a) financial instrument(s) section on FI does not need to be filled out.	Em complemento à nota da CE, regra geral, os IF deverão ser reportados sempre que a respetiva avaliação ex-ante esteja concluída. Todavia, no reporte dos RAE de 2015/2016 foi opção incluir apenas os IF que a 31/12 desses anos estivessem contratualizados. Em julho de 2017 os serviços da CE confirmaram que o registo em SFC deve ocorrer logo que a avaliação ex-ante esteja concluída e que haja uma decisão das autoridades de gestão para contribuírem para os IF em causa, o que, consideramos, válida a opção adotada pelas autoridades nacionais. Relativamente às datas a inserir neste campo, foi consensualizado entre a AD&C e a IFD e EG do IFRRU, aquando do reporte de 2016, a indicação das datas de envio do email da Agência aos vários Grupos de Acompanhamento da Avaliação, remetendo as versões finais dos Relatórios. Consideramos que será assim este email que marcará o final do processo de avaliação ex-ante para cada um dos lotes, nomeadamente: - Lote 1 (empresas): 06/05/2015; - Lote 2 (inovação e empreendedorismo social, micro empreendedorismo e criação do próprio emprego, empréstimos a estudantes do ensino superior): 06/01/2016; - Lote 3 (eficiência energética e gestão eficiente da água e dos resíduos): 06/01/2016; - Lote 4 (regeneração e revitalização física, económica e social em zonas urbanas): 18/09/2015. Sempre que na implementação do IF estejam previstas tipologias objeto de avaliação ex-ante distintas (por exemplo, o IFRRU que deverá ter em conta os lotes 4 e 3, este último relativo à eficiência energética) e uma vez que o SFC2014 apenas aceita uma data, deverá ser considerada a data relativa à componente com maior expressão no registo em causa.
31	Selection of bodies implementing financial instrument			
31.1	Has selection or designation process already been launched	selection 'YES' / 'NO'	Indicate if the process of selecting, designating or directly awarding a body implementing a financial instrument has already started. II. Description of the financial instrument and implementation arrangements (Article 46(2)(b) of Regulation (EU) No 1303/2013)				
5	Name of the financial instrument	text	Official name of the financial instrument according to Article 4(4) of the CIR 821/2014.	Deve ser indicado o nome do Instrumento Financeiro implementado sem recurso a FdF.
6	Official address/place of business of the financial instrument (name of the country and town)	text	The place of business of the financial instrument may differ from the official address of the financial intermediary under 11.1.2. For example EIB or EIF are located in Luxembourg but place of business of the FoF is located in the Member State.	Na sequência da harmonização entre a AD&C e a IFD e EG do IFRRU, aquando do reporte de 2016, neste campo deverá ser indicada a área de abrangência do instrumento, ao nível de NUTS II (corresponderá à área de abrangência do PO), na medida em que será necessariamente diferente da morada da entidade beneficiária do Fundo.

De salientar que a opção "other support combined with a financial instrument" não deverá ser selecionada de forma isolada, na medida em que a mesma é complementar aos demais produtos disponibilizados, nomeadamente "Empréstimos" e "Garantias". Para uma melhor compreensão dos requisitos aplicáveis à combinação de apoios por via de IF e de outras formas de apoio, recomenda-se a leitura da Nota EGESIF 15_0012-02, de 10/08/2015. Ver igualmente a observação da AD&C no campo 9.2.
9.1	Description of the other financial product	text	Field 9.1 becomes active only if option 'other financial product' is selected in field 9)	Campo para registo, se selecionada a opção "other financial products" no campo 9, o que a 31/12/2017 não se aplicava a PT.

9.2	Other support combined within the financial instrument: grant, interest rate subsidy, guarantee fee subsidy pursuant to Article 37(7) of Regulation (EU) No 1303/2013	text	This field is only to be used if financial instruments are combined with other forms of support in a single operation. (the field becomes active only if option 'other support combined within a financial instrument' is selected in line 9) By "grant" we refer to technical support as it is the only grant, which can be part of the financial instrument operation and can be reported here.	<p>Campo a preencher se a opção "other support combined with a financial instrument" for selecionada no campo 9.</p> <p>As opções são: subvenção, bonificação das taxas de juro e bonificação da comissão de garantia.</p> <p>Por subvenção entende-se o designado apoio técnico que é feito ao nível do intermediário financeiro a favor do beneficiário final, sem que haja qualquer repasse para o mesmo. As bonificações das taxas de juro e das comissões de garantia terão de fazer parte do mesmo pacote financeiro dos investimentos feitos ao nível dos beneficiários finais em empréstimos e garantias.</p> <p>Quer isto dizer que a contribuição dos Fundos alocada a um determinado IF servirá, não só para investir ao nível dos beneficiários finais através de empréstimos e garantias, mas também para suportar uma componente que acabará por ser "não reembolsável", através da prestação do citado apoio técnico a favor dos beneficiários finais e da bonificação das taxas de juro e das comissões de garantia, desde que integrados numa única operação.</p> <p>Uma vez mais se sugere a leitura da Nota EGESIF 15_0012-02, de 10/08/2015, na medida em que esta combinação para ser possível, deverá obedecer a determinadas condições e critérios, desde logo estar prevista na avaliação ex-ante.</p>

A fund of funds will entrust the implementation of FIs to financial intermediaries(s). The CPR does not define the modalities of entrustment by the fund of funds to financial intermediaries. Thus the MA can decide with the fund of funds on the specific form (and report it under option (c)) that this entrustment can take as long as the ownership of resources contributed by MA (i.e. ESI Funds and national co-financing) and the risk of defaults at the level of final recipients stay with the MA and the ESIF programme resources can be traceable down to the level of final recipients. The financial intermediary thus deploys the financial products (such as loans, guarantees and equity) for concrete investments in final recipients.]</p>	<p>Campo a preencher caso seja selecionada a opção "b) Atribuição das ações de execução", no campo 7.2.</p> <p>As opções a selecionar deverão estar alinhadas com o previsto no Acordo de Financiamento celebrado entre a Autoridade de Gestão e o intermediário financeiro responsável pela implementação do IF específico.</p>
